4. Obligation to Register (Art. 5, 6, 7 (1))

We exclusively use proven registered and for our use authorised substances/mixtures in the production of our semi-finished foam products (articles).

Additionally, our foams do not contain a substance which a) is present in our articles in quantities totalling over one tonne per producer per year and which b) is also intended to be released under normal reasonable foreseeable conditions of use.

5. Reporting Requirements / SVHC / Information on Chemical Ingredients (Art. 7 (2), 33 (1))

Based on our current knowledge, we confirm that in our semi-finished foam products which are sold under the trade names

Alveolit TA SF and Alveocel

no substance of the actual Candidates List of Substances of Very High Concern (incl. SVHC update of June 27, 2024) and no additional substances are present which are harmful to human health / environment (according to Art. 57) in a concentration of more than 0,1 % (m/m).

6. Application Limitations of Substances (Art. 56/Annex XIV and Art. 67/Annex XVII)

We do not use any of the substances listed in Annex XIV ("List of substances subject to authorisation") for the production of our semi-finished foams and we adhere strictly to the restrictions given in Annex XVII ("Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles"), insofar as they would have been applicable.

7. Editor**Sekisui Alveo AG**

Dr. Lukas Berger
(Application Development Manager ACF)

Disclaimer:

All Information concerning technical/physical/chemical data and properties of our semi-finished foams are in accordance to the current state of the art and drawn on measurements, publications and our practical experience. All information in this document is correct in good faith. We have no control over the application of our foams and no legal responsibility for inappropriate usage is accepted. Control and approval of the final product in due consideration of the actual application as well as of conformity with European and national regulations are the responsibility of the foam applicant. Liability above the legal obligations is not accepted.

The present confirmation is valid until the amendment of security-relevant information and/or the REACH regulation and/or the candidates list of substances of very high concern (SVHC), maximum 2 years starting from the validity date.
